

# NHVA Online Assessment Tool Instructions

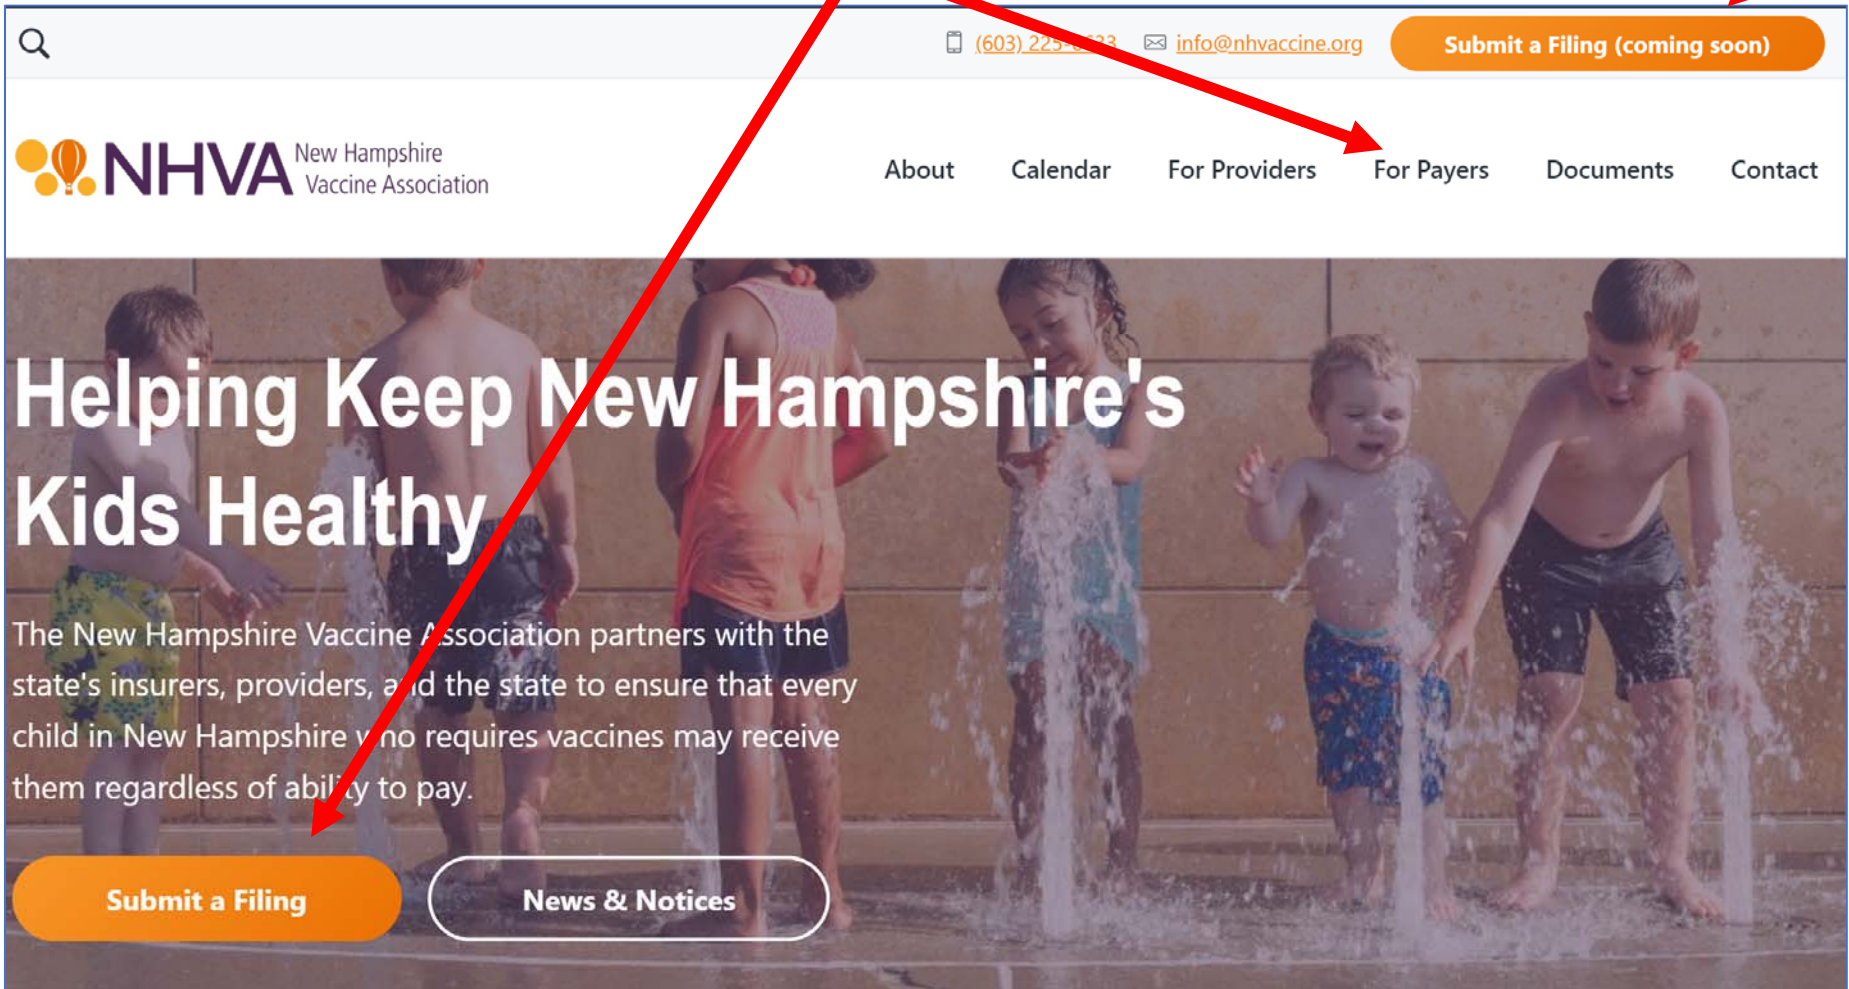

Updated: September 24, 2018

# Introduction

NHVA is pleased to provide these instructions for the Online Assessment Tool. This tool is used for the submission of the required quarterly assessment report and payments.

This slide deck contains screenshots of the website pages, and all instructions are in red text with a red outline. Arrows are also used for visual reference.

To begin, please go to the NHVA home page: <https://nhvaccine.org/> and click on either of the “Submit a Filing” orange buttons or the “For Payers” link on the top navigation.

The screenshot shows the NHVA website home page. At the top, there is a search bar, a phone icon with the number (603) 225-6633, an email icon with the address info@nhvaccine.org, and an orange button labeled "Submit a Filing (coming soon)". Below this is a navigation menu with links: About, Calendar, For Providers, For Payers, Documents, and Contact. A red arrow points from the text box above to the "For Payers" link. Another red arrow points from the text box above to the "Submit a Filing (coming soon)" button. The main content area features a large image of children playing in a water fountain. Overlaid on this image is the text "Helping Keep New Hampshire's Kids Healthy" and a paragraph: "The New Hampshire Vaccine Association partners with the state's insurers, providers, and the state to ensure that every child in New Hampshire who requires vaccines may receive them regardless of ability to pay." At the bottom of the image, there are two buttons: an orange button labeled "Submit a Filing" and a white button with a black outline labeled "News & Notices". A red arrow points from the text box above to the "Submit a Filing" button.

## NHVA Online Assessment Tool

Welcome to the New Hampshire Vaccine Association (NHVA) online assessment tool.

NHVA is a not-for-profit voluntary corporation that works to improve access to childhood vaccines while lowering health care costs. NHVA funds New Hampshire's universal vaccine purchasing program through a cooperative approach involving insurers, health care providers, and the New Hampshire Departments of Insurance and Health and Human Services.

NHVA was formed pursuant to New Hampshire Revised Statutes Annotated (RSA) [Chapter 126-Q](#). This law became effective June 17, 2002, and NHVA was incorporated in November 2002. In 2013, the New Hampshire legislature revised RSA 126-Q to ensure that assessments are shared equitably among payers.

As required by RSA 126-Q, assessable entities must file a quarterly assessment reporting the number of New Hampshire child covered lives and remit applicable payment due within 45 days of the end of each quarter (i.e., by February 15, May 15, August 15, and November 15).

This assessment filing satisfies reporting requirements for the NH Vaccine Association. If payment is due, the required payment may be sent by Electronic Funds Transfer (EFTs), which is the preferred method, or by mailing a check.

## Reporting Period Summary

Year	Quarter	Status
2018	1	Submitted

This screen shows  
the current year  
and quarter  
submission status.

### Filing Guidelines:

All assessable entities must file quarterly and remit applicable payment due within 45 days of the end of each quarter (i.e., by February 15, May 15, August 15, and November 15).

If you report zero child covered lives the first quarter, you need not file again for the remainder of the calendar year, assuming you do not have lives to report. For entities that will never have any covered child lives, a [Permanent Zero Covered Lives Report](#) can be filed in lieu of submission of yearly quarter one filings. If you have covered lives to report in any quarter, you are required to file for each of the four quarters.

Submit today for: 2018 Q2 (Apr - Jun) ▼

Select the current  
quarter in which  
you are submitting  
and click "Next >>".

&lt;&lt; Back

Next &gt;&gt;

NOTE: The "Permanent  
Zero Covered Lives  
Report" hyperlink is  
shown on the next  
slide.

This form is what appears when clicking the hyperlink on the prior screen.

It should only be completed if your entity will never have any children covered lives. If completed and submitted to NHVA, you will receive confirmation from NHVA after review that you will not need to complete the quarterly assessment filings.
