#### NHVA Online Assessment Tool

Welcome to the New Hampshire Vaccine Association (NHVA) online assessment tool.

NHVA is a not-for-profit voluntary corporation that works to improve access to childhood vaccines while lowering health care costs. NHVA funds New Hampshire's universal vaccine purchasing program through a cooperative approach involving insurers, health care providers, and the New Hampshire Departments of Insurance and Health and Human Services.

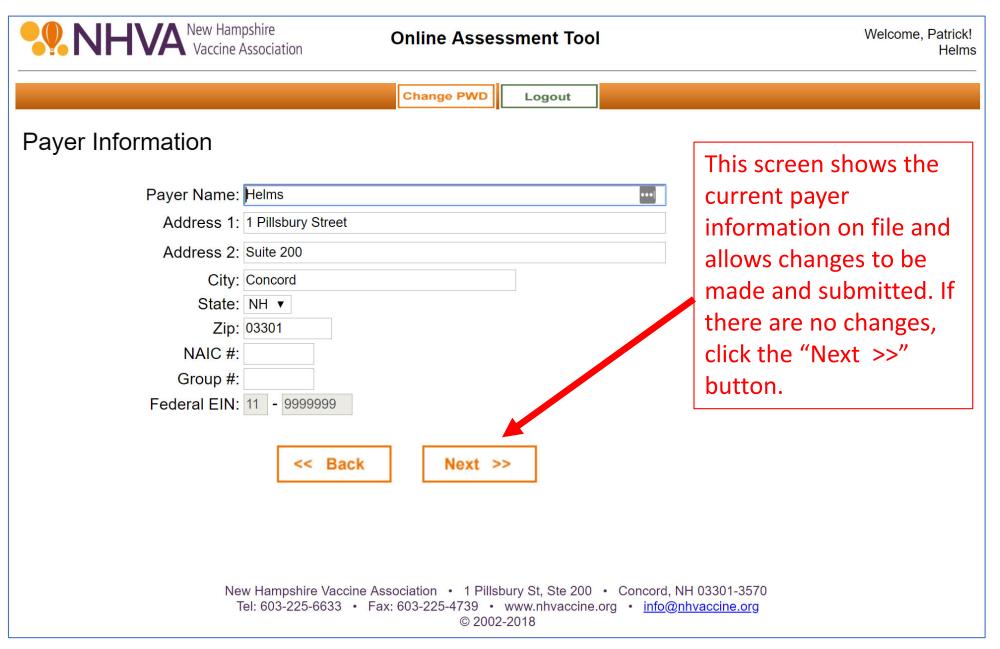

NHVA was formed pursuant to New Hampshire Revised Statutes Annotated (RSA) <u>Chapter 126-Q</u>. This law became effective June 17, 2002, and NHVA was incorporated in November 2002. In 2013, the New Hampshire legislature revised RSA 126-Q to ensure that assessments are shared equitably among payers.

As required by RSA 126-Q, assessable entities must file a quarterly assessment reporting the number of New Hampshire child covered lives and remit applicable payment due within 45 days of the end of each quarter (i.e., by February 15, May 15, August 15, and November 15).

This assessment filing satisfies reporting requirements for the NH Vaccine Association. If payment is due, the required payment may be sent by Electronic Funds Transfer (EFTs), which is the preferred method, or by mailing a check.
