63 document be distributed for ease of signing, and Ms. Meagher agreed to do so.  
64

65 Ms. Tenney moved to the topic of the Policy Governing Conflict of Interest document (pages 5-6). Ms. Tenney  
66 requested the Board Members complete this document and return their signed document to Ms. Meagher. Ms.  
67 Radick stated she had previously completed a conflict of interest document for the State of New Hampshire as she  
68 came onto the board, and she questioned if today's document replaces the one signed earlier. Attorney McCue  
69 replied this is a separate document required by NHVA as a non-profit entity. Ms. Radick thanked Attorney McCue  
70 for the clarification.  
71

72     **4. Review and Acceptance of the April 29, 2020 Board Meeting Minutes**

73  
74 Ms. Tenney moved to the topic of the need to review and accept the draft April 29, 2020, board meeting minutes,  
75 and asked if there was any discussion. Hearing none, she stated she would entertain a motion to approve the  
76 minutes.

79           **VOTED:** *To accept the April 29, 2020 Board Meeting minutes as presented.*

83      **5. Executive Director Report**

84

85      Mr. Miller stated that the annual payment to the Department of Health and Human Services needed to be re-ratified  
86      and authorized by the Board. The payment amount, determined at the September 2018 Board meeting and  
87      reconfirmed at the September 2019 Board meeting as part of the rate setting process, is \$11,751,393.

88

89      Ms. Tenney asked if there was any discussion regarding the payment amount. Hearing none, she stated she would  
90      entertain a motion to authorize the payment.

91

92      **VOTE RECORDED:**     *On a motion by Mr. Lyons, seconded by Ms. Radick, it was unanimously*  
93      **VOTED:**               *To authorize the \$11,751,393 payment to the State of New Hampshire's*  
94      *Department of Health and Human Services.*

95

96      Mr. Miller then moved to the review and approval of the proposed fiscal year 2021 (FY2021) administrative budget  
97      (page 13). He stated the Audit Committee reviewed it at their June 5, 2020 meeting, and recommended it be  
98      approved by the Board at today's meeting. Mr. Miller highlighted several items including:

- 99      ▪ The blue column contains the proposed budget totaling \$146,550;  
100     ▪ The green column contains last year's budget totaling \$142,700;  
101     ▪ The budget increase for FY2021 is \$3,850;  
102     ▪ There is a reference table below these two budget totals depicting the past four year's budgets;  
103     ▪ Detailed budget notes regarding administrative fees, subcontractors, bank fees, etc. are shown at the  
104     bottom of the page;  
105     ▪ The most variable expense recently is the D&O insurance. Two years ago, it was \$8,000. After rebidding  
106     two years ago it dropped to \$2,000 and this year is up to \$3,360 due to the to the amount of funds currently  
107     shown on the balance sheet;  
108     ▪ Audit costs and legal fees remain the same as the past two years;  
109     ▪ The administrative fees were set at \$100,000 for the first two contract years and an escalator to \$105,000  
110     occurs in the third year; and the amount of interest earned in the current fiscal year covered the  
111     administrative budget.

112

113     Dr. Edwards asked if the insurance expense is \$3,360, then why is it listed as \$4,000 on the budget? Mr. Miller  
114     explained it includes a buffer in anticipation of another rate increase. The premium is not going to be received until  
115     January of 2021, and until then, we will not know the actual premium mount. Dr. Edwards thanked Mr. Miller for  
116     the clarification.

117

118     Ms. Tenney reiterated that the Audit Committee did recommend acceptance of this budget, and asked for any  
119     comments, questions, or concerns Board members might have before a vote occurs. Hearing none, she stated she  
120     would entertain a motion to approve the FY2021 administrative budget.

121

122     **VOTE RECORDED:**     *On a motion by Dr. Edwards, seconded by Ms. Radick, it was unanimously*  
123     **VOTED:**               *To accept the Audit Committee's recommendation to adopt the fiscal year 2021*  
124     *Administrative Budget as presented.*

125

126     Mr. Miller then provided an update to child covered lives and total assessments for the most recent collection period  
127     ending May 15, 2020 (page 14). The average monthly covered lives was 165,295 and the assessment amount  
128     collected was \$3,474,785. The covered lives are down slightly by 1,261 from projected numbers.

- 129
- 130     ▪ The Financial Statements (page 15) were presented to the Audit Committee earlier this month. Mr. Miller  
131     highlighted several items on the Statement of Cash Flow: the assessment collections are \$109,559 below  
132     budget for the whole year, however, once June collections are accounted for, this will be a smaller number;

- 133     ▪ The second line reflects the TRICARE settlements;  
134     ▪ Investment interest is running ahead of budget as of May 31, by \$96,479. It is anticipated investment  
135       interest will decrease this coming year due to falling interest rates falling;  
136     ▪ The short-term CDs line shows the funds that were transferred from the ICS account to the Wealth  
137       Management Group at the Bank of New Hampshire earlier this year for investment in a set of higher  
138       interest-yielding of laddered CDs. This number will fluctuate depending upon when CDs are called;  
139     ▪ Total expenses as of May 31, are down \$16,105. Most of this is due to budgeted legal expenses that were  
140       not incurred; and  
141     ▪ The beginning and ending cash balances are shown at the bottom.

142  
143 Mr. Miller highlighted several items on the Statement of Financial Position (balance sheet):  
144     ▪ As of May 31, 2020, the total current assets stand at \$26,077,057. The majority of which are held in the ICS  
145       account, the laddered CD portfolio, and the original liquidity reserve account; and  
146     ▪ At the very bottom of the page is the payment amount that we just approved to the State of New Hampshire  
147       (\$11,751,393). This will be reflected on the June statement and as the fiscal year closes.

148  
149 Mr. Miller highlighted several items on the Statement of Changes in Net Assets:  
150     ▪ Income was reviewed on the prior pages;  
151     ▪ Expenses are running within budget;  
152     ▪ The assessed covered lives and assessments collected are reported for the four most recent quarters at the  
153       bottom of the page.

154  
155 Mr. Nix advised the Board that he will be working with Karen Carew and her staff during the audit this summer to  
156       ensure the unrecognized gains and losses are being properly categorized within the financial statements.

157  
**158     6. DHHS Update**

159  
160 Ms. Tenney asked if there was a representative presently dialed into the meeting from the Department of Health  
161       and Human Services. Ms. Daly and Ms. Haggerty were unable to join the meeting so the update will be moved to  
162       the next scheduled meeting.

163  
**164     7. New Matters**

165  
166 Ms. Tenney asked the Board members if there were any new matters for discussion. There were no new matters  
167       identified for discussion.

168  
**169     8. Public Comment**

170  
171 Ms. Tenney invited comments from the members of the public.

172  
173 Ms. Condon thanked the Board for the opportunity to speak and expressed appreciation for the public access to the  
174       meetings. She requested that the Zoom meeting information be added to the NHVA website and meeting packet to  
175       make it easier for public participation. She finds that the email request process is cumbersome and an effort to  
176       more easily allow for public involvement with the Association is appropriate since the public funds the program  
177       through health insurance premiums.

178  
179 Ms. Benedict stated that she is new to this process and the function of the Association. She asked about the funds  
180       that are being voted on to provide to the State, are whether they are always approved. Mr. Miller responded that  
181       the public statement portion of the meeting is not for questions, however, he offered to connect with Ms. Benedict

182 offline to provide additional information on the process and functions of the Association. Ms. Benedict thanked Mr.  
 183 Miller for his offer.

184  
 185 Ms. Klinskey asked if the Conflict of Interest Statement that the Board members complete are available. Mr. Miller  
 186 responded that this portion of the meeting is not meant to directly respond to such questions, however, he would  
 187 be happy to follow up directly after the meeting.

188  
 189 Ms. Condon stated that having served on the Board as public member for five years, if individuals have questions,  
 190 they can feel free to reach out to her as well.

191  
 192 Having no additional members of the public wishing to speak, Ms. Tenney asked for a motion to move into Executive  
 193 Session should any Board member wish to do so.

194  
 195 **VOTE RECORDED:** *On a motion by Mr. Sky, seconded by Ms. Radick, by roll call it was*
